whole force of police, and go about the Insurance Company

as many others as can be induced, out of Memphis—say from two to five miles —into the old fields and woods, so as to be entirely out of the infected locality?

Let Hanauer.

J. Bussy.

J.

This is one of the many orders the

Board of Health must pass. Let there

be no misunderstanding about this mat-

thority. And just here permit us in

courtesy to add a further suggestion: If

a sanitary measure is needful, and ought

to be adopted, pray do not request that

it be done, but command it, and see that

the command is obeyed. Detail the

matter as though there was still some

Is it Practicable, or is it too Late?

DEAR SIR-Would it be practicable to

move all the poor that is now fed and

supported by the city and citizens, and

blankets and quilts, and live a camp

from Memphis: the change would be a

decided benefit, and they could be at-

tended by their physicians and aurses at

that distance without much inconven-

ience, and without any risk from the

My experience during the cholera epi-

demic in 1849 and 1850, in Louisiana,

was this: Whenever the cholera made its

appearance on the large plantations, the

negroes were immediately moved out

from the infected quarters to some dis-

occur after their removal. This was
